The Honorable Chief Justice Tani G. Cantil-Sakauye

Case # 2015-1FL-172816

Recent Filing [09/01/2022](#)

I am writing to let you know about pervasive corruption and fraud at all levels of the California Family Courts - Santa Clara County in particular where corrupt judges like Cynthia Lie and others are colluding with unscrupulous, unethical, fraudulent, scumbags like BJ Fadem, Nathalie Ferro and others trolling the courts. They are abusing the court process to enrich themselves so they can live like Silicon Valley millionaires. I know you are well aware of it. This has resulted in me seeing my daughter, Arianna for just 40 hour in 7 years. Her birthday is on 09/30/2022 and I would like to see her. I am a good father and it's unconscionable to be seeking permission from a corrupt system to see my daughter on her birthday.

I have reported these frauds to the Commission on Judicial Performance and California State Bar, but nothing comes of it. These entities are either totally incompetent, useless or corrupt to the core.

In 2015, I witnessed Ganraj Kumar, my ex father-in-law, sexually molest my daughter. When I decided to report him to the police, my ex wife filed for divorce and falsely accused me of domestic violence. What ensued has been sheer terror that continues to this day. The rigged court process has been weaponized. It is protecting pedophiles and hurting parents fighting for their children. It has resulted in me seeing my daughter for just 40 hours in 7 years because it has been financially advantageous to the corrupt judge and lawyers. They are profiting by using the court process to prevent access to my daughter. They have extorted as much as \$700,000 in 7 years in legal fees. Corrupt judge Cynthia Lie has allowed 370 frivolous actions to date. It has resulted in the frauds like BJ Fadem and Nathalie Ferro to shipon as much as \$50,000 a month while preventing access to my own funds resulting in me ending up homeless.

In 2016, corrupt judge Cynthia Lie issued a restraining order against me for disturbing the peace. There was NO evidence. ZERO. There was no basis for it. She denied me due process. She is a racist and a feminist. She is biased against men. Instead of interpreting the law she used her position to push her woke, radical, leftist, liberal agenda, removing fathers from homes, dismantling families because she stood to profit politically, financially and professionally. Then in 2017, she renewed the restraining order until 2067. Again, with ZERO evidence, Without the burden of proof satisfied. She violated her oath of office. She violated all my civil rights. She yelled at me in court. She used abusive language against me. She cursed all men. Cynthia Lie runs a kangaroo court where the law is for sale to the highest bidder. She has no place in any court room. Cynthia Lie's actions have resulted in putting my daughter life in imminent danger of being sexually abused over and over by Ganraj Kumar the pedophile. She has to be terminated IMMEDIATELY.

Arianna's birthday is on 09/30/2022 and I would like to see her. Seven of her birthdays have come and gone. An emergency screening order (ESO) obtained by her mother on false pretenses has prevented me from seeing Arianna except with a therapist. The ESO has been in place for 6 years. There is no purpose for it. It merely serves as a vehicle to generate fees for corrupt frauds like BJ Fadem, Nathalie Ferro and Cynthia Lie. Arianna's mother has no intention of co-parenting or allowing our daughter to have a relationship with her father. To this end petitioner interrupted visitation 20 times filing false motions to suspend visitation. Then she discovered that obtaining the ESO would achieve the same result without going to court every time and still fulfill her intent of preventing our daughter from having any interaction with her father.

Arianna's mother has since moved out of state hence a dual licensed therapist is required. I have contacted 200 therapists however none have dual licenses. It is highly cost prohibitive making visitation impossible. The existing temporary (ESO) is exactly that, temporary and had clear benchmarks and milestones to lead to its release. These steps are clear and I have diligently completed them so as to get a better, more balanced perspective on my interaction and demeanor. However these remain unrecognized as the ESO has stayed in place for 6 years. I have complied and satisfied all requirements in ESO since 2017 as submitted in the Declaration and attached here - Certificate of Completion of DV Classes (Exhibit 1), Therapy with John Hamel (Exhibit 2) and Jacob Quijas (Exhibit 3).

A grave miscarriage of justice has transpired in this case as a result of greed, corruption and fraud. Fraud has been committed upon the court, the process continues to be abused and needs to have a stop put to it. According to JCC rules, California law takes precedence. Arianna should be in California so that she has access to her father for contact during custody and visitation. Instead because of the rigged court process Arianna's mother is using a DVRO to cover up sexual abuse of Arianna by her grandfather. The DVRO is shielding and enabling the perpetrator to continue to abuse Arianna. The DVRO has put Arianna's life in imminent danger to sexually abused over and over. Arianna's life is in clear and present danger.

The real emergency is for Arianna to have a father in her life. So that she develops and understands healthy positive interactions with men and women and can grow to be an able compassionate capable young lady. I politely request that the court remove the Order for the ESO and reinstate regular parenting time and visitation with our daughter. I request to have some type of video call (FaceTime or Skype) at least 3 times a week to begin renewing our father daughter bond. Regular constant contact with the father and daughter is a real emergency at this moment. Especially on her birthday on 09/30/2022.

Please start doing your job. Things have gotten out of hand due to systematic corruption and it's your responsibility. Immediately disbar corrupt, unethical, frauds like Cynthia Lie, BJ Fadem and Nathalie Ferro who are abusing the court process and destroying lives for profit. They are a threat to the public interest and a total disgrace to humanity.
